

# KILLARNEY SKATING CLUB

*A pair of skates is  
all it takes!*

## SKATING FUN FACT:

Ice skating was likely invented  
in 3000 BC as a means of  
transportation.

## Welcome Back!

It is Fall and the start of our 2023/24 skating season and we couldn't be more excited to be back on the ice and back at our home rink.

The 2022/23 season was a great one and came with some big changes at the club. By now you would have seen our new website and registration management system. This system is user friendly and provides our members with so many great self-serve features including participant calendars (colour coded by facility - which can be important in Spring and Summer when we skate at different rinks). Make sure to login to your account and navigate to learn all the new system features, if you have any questions about the system reach out to [info@killarneyskatingclub.com](mailto:info@killarneyskatingclub.com) and we would be happy to assist you!

Be sure to also become familiar with our new website - the Registration page has specific sub-pages for each of our programs, so you don't have to filter or scroll too much! We also have a news section where we will post important information as well as documents like our newsletters and how-to instructions.

### Unsure of what program to register for?

We always try and release the schedule a few days in advance of registration opening, please reach out with your questions prior to registering to ensure a smooth process.

Did you know we are on Instagram? Don't forget to give us a follow on [Instagram](#) to be a part of the excitement as it happens and keep up to date with important info!

# Competitive & CanSkate Highlights

- Our competitive skaters competed at the annual BC/YT Super Series SummerSkate at Burnaby Scotia Barn from August 17-20<sup>th</sup> and just a month later, competed again at the BC/YT Fall Competition in Parksville from September 22-24<sup>th</sup>. At both events, our skaters put on an amazing display of hard work and team spirit! Now skaters are preparing for the Autumn Leaves competition in October and Sectionals in November. Good luck to all our competitive skaters!
- CanSkate has kicked off strong again at Killarney and we are so pleased to welcome all our returning and new skaters - there are some fun things planned this season. We hope to offer CanPower in our winter session, so if you are interested in that program, keep an eye out for communication about our winter programming.

## Killarney Skating Club AGM: June 23<sup>rd</sup> 2023

- Thank you to everyone who attended the Annual General Meeting on June 23<sup>rd</sup> at Killarney Community Centre. It was a great turnout and so much fun to remember and celebrate the accomplishments of all our skaters and coaches over the past season. Check out the video of our 2022/23 season that was shared at the AGM on [Instagram](#).
- A BIG thank you to all of the KFSC Board Members who continue to dedicate time to this amazing club making it a wonderful community for our skaters. We still have some vacant board positions, so if you are interested in learning more about giving back to our amazing skating community, please reach out to [info@killarneyskatingclub.com](mailto:info@killarneyskatingclub.com).

Photos: Capturing some of the awards and fun at the 2023 AGM!
